SUZETTE NICOLE ANTHONY

My name is Suzette Anthony known to many as Nicole. I attended the St. John's Catholic primary and then went on to Christ the King High School where I graduated in 1996. I am a graduate of the Antigua State College and the University of the West Indies where I obtained a Bachelors degree in Management Studies. I enjoy traveling, reading, and hiking. I am a fun-loving individual who enjoys a good laugh and can be called upon at any-time to offer assistance.

As a baptized Catholic who is experience in the catechetics, my faith journey continues to grow. I have been involved in church for as long as I can remember. Attending Sunday School at Ovals, being an active member of Challengers Youth group, teaching Para-liturgy, ushering, singing on the Youth Choir, Liturgical dance, trying my hand at steel pan to becoming a catechist aide and on to a full time Catechist.

However, as time went by my job diminished my involvement in church. I was employed in the banking sector for nine years. During this time, I became distant from church. I attended mass at random and was not involved in any groups. Although a catechist, my involvement was very limited. Then God said "enough is enough, time for the lost sheep to return home." I lost

my job.

Although I went in search for new employment the Lord had a lesson to teach, and that he did. With no job I had a lot of free time, but still I did not resume my involvement in church. As time went by, I began attending church regularly and my involvement in catechetics gradually increased. Assisting on Mondays and Tuesdays in Catholic education. Then, I became a member of the Youth Council, aiding in the development and planning of events for the youth of the parish. Later I became the voice of the youth on the Parish Council where I am the current secretary.

After many years of being unemployed and my focus being shifted back to doing the Lord's work, he was finally satisfied. So one Easter, I was granted the gift of the risen Lord and that of a new job. The lesson learned-no matter how busy or demanding your schedule, never stop doing the Lord's work.

My faith continues to grow because I know that with God, all things are possible. We may lose sight of God but he is always watching, guiding and protecting us. His "WILL" will never be altered by man.
